MEMORANDUM FOR: Director of Central Intelligence

THROUGH : Deputy Director for Management and Services

SUBJECT : Nomination of [REDACTED] to  
the President's Commission for Interchange  
with Industry

25X1A

25X1A 1. The Office of Communications is pleased to nominate  
[REDACTED] as a candidate to the President's Com-  
mission for Interchange with Industry.

2. During his employment with CIA, [REDACTED]  
has demonstrated that he is an electronics engineer of the  
highest caliber and one of our top ranked program managers.  
While his experiences with the Office of Communications have  
been limited because of his relatively brief employment, we  
consider his potential to be unlimited and fully expect that  
his advancement, both in grade and responsibility, will con-  
tinue as his career progresses.

25X1A

25X1A 3. As we point [REDACTED] to more senior positions,  
the coordination of diverse technological programs, the  
management of personnel, the understanding of organization  
objectives, the use of resources -- funds, equipment, and  
people -- and the appreciation of the decision processes  
that tie these interrelated responsibilities together, assume  
greater importance. In nominating [REDACTED] as our candidate  
25X1A to industry, it is our objective to complement his strong  
technical background by broadening his knowledge and appre-  
ciation of management at the highest levels.

25X1A 4. We are confident that [REDACTED] and the Central  
Intelligence Agency will derive great benefit from his par-  
ticipation in this program. We recommend him without  
reservation.
